What is a Make a Start residency?

1- to 2-week in-studio residencies designed for new or early-stage developments and creative experiments.

We're looking for risk—ideas that put you outside your comfort zone and stretch your artistic practice; and projects that are challenging choreographic thinking and exploring new experimental approaches to dance practice.

These residencies take place outside of LGI's office hours on weekends and evenings. Studio space permitting, they may be during office hours.

Make a Start residents have dedicated access to:

- Purpose-built studio space at WXYZ Studios.
- General administrative support from the LGI team and access to a hot desk.
- Access to LGI Morning Class for free for the duration of your residency.
- Use of studio equipment, which can include a sound system, projector, iPad for video, and lights (subject to availability).
- Support and guidance from the experienced LGI team.
